FCC MAIL ROOM

Office Of The Secretary
Federal Communications Commission
Washington, D.C. 20554

Gentlemen:

We oppose the F.C.C. Refarming Plan PR Docket 92-235 as presently written. The cost to change our City's complete radio system would be extremely difficult to manage, given the short time frame involved.

We support the gradual change over as outlined in the APCO/LMCC plan, and suggest the time period be extended to accommodate the financial problems facing all agencies at this time.

Your consideration is appreciated.

Sincerely,

VICTORVILLE FIRE DEPARTMENT

John Becker
Division Chief/Communications Officer
